## CONCERNS OF THE DISTRICT

Assessor Trimble Makes Some Important Suggestions.

INSURANCE LAWS DEPECTIVE

Contractor Thomas Must Restore the Northeast Engine-house to Correct Lines-District Bill Against the B. and O. Railroad-Objections to Columbia R. B. Track Plans.

In a supplemental report transmitted to the Commissioners yesterday Assessor Trimble

BAYS: "For some years past it has been customary for the Commissioners, on request of the party holding the tax title deed, to issue orders directing this office to cancel all taxes due and unpaid prior to the sale of the property, the orders being based on the Supreme Court deeisions.

"Many are taking advantage of it, and instead of paying their taxes promptly are letting the various payments go by default.

"Under the provisions of the act approved March 19, 1890, property which has once been sold for non-payment of taxes cannot be again a dvertised for the same tax, and consequently when a party, other than the District, is the purchaser the certificate of sale is for the tax of one year only.

"After the lapse of two years the purchaser is entitled to a deed."

The assessor recommends legislation to cor-

rect the evil.

rect the evil.

The assessor says of the new liquor law, that it was "hampered in the beginning by ambiguities requiring legal construction and the decision of the courts," and the law was

partially amended.

"The enacting or first clause of the act of March 3, 1898," he says, "has been the source of endless vexation and worry," It has been "taken advantage of by those claiming exemption, and all cases referred to the legal authorities were decided in favor of the claimants." No revenue from licenses has been received

this year from any of the street railways. Repeated demands upon them have met with no respense. The assessor recommends that legitimate

insurance companies be protected by legisla-tion against fraudulent and illegitimate com-Washington Stock Exchange.

The attorney for the District was directed yesterday by the Commissioners to prepare a letter notifying Contractor Thomas that the eriginal plans for the construction of the northeast fire engine house will have to be conformed to. This is the equivalent of hold-

ing Mr. Thomas responsible for the misplaced pegs in the ground lines.

As Tan Times once before noted, the opinion that Mr. Thomas would wilfully make an error that gave him no pecuniary advantage and which would necessarily injure his reputitle. tation, is not given credence by the Commis signers but it is understood that under a well-known unwritten law all contractors are expected to verify the survey of ground be-fore commencing the construction of a build-ing thereon. This Mr. Thomas failed to do. Who it was that moved the pegs, if they were moved, does not seem to have been con-

dusively shown.

Capt. Burr, assistant enginer commissioner, has referred to the board a bill of \$232.55 against the Battimore and Ohio Rall-road Company, as cost of erection and maintenance of eight street lamps at Carroll avenue and Chestant street crossings, Takoma Park. The lamps were erected under authority of law and order of the Commissioners and the cost was properly charge. solution of law and order of the Commis-sioners, and the cost was properly charge-able to the company, but so far the agent has failed to settle the bill. Capt. Burr recom-mends that the case be referred to the at-torney for the District, and is suggestion is approved by Commissioner Powell

The Commissioners yesterday notified President Baker, of the Columbia Railway Company, of their disapproval of the pro-posed plan of the location of the company tracks at Fifteenth and H streets northeast, The board prefers that the plan heretofore ap-

proved shall stand.

The grounds upon which exceptions are taken to the plan are that it provides for a multiplicity of tracks at a section which is regarded as a natural terminus for future roads and the arrangement of the tracks is not such

as to preclude the convenient location of a possible future union depot. Frank Elgin was appointed a first-class private on the metropolitan police force, to take effect yesterday, vice John T. Hagan,

L. P. Williams, the owner of a house and lot immediately south of the proposed con-tagious hospital site, strongly protests in a letter addressed to the Commissioners against oners against the action of the Commissioners in placing

the institution in his vicinity.

Probationary Private D. D. Sullivan, of the District fire department, was removed from the force yesterday and J. C. Harper was appointed to succeed him.
